Criteria for Judging Interview Suit Modeling

Interview Suit Modeling will be judged with the following point considerations. There will be no points on the score sheet. It is up to each judge to evaluate the contestant with the following point system in mind.

Attire 30%

Modeling Format 30%
Please note that the contestant can do her circle behind the microphone or around the microphone. Either will be accepted. It is essential that the correct foot positions and correct modeling pattern is followed.

Speech Introduction 40%
***Starting in January 2012 once the contestant introduces herself she will reach into a bowl, select a question and answer the question on stage. We hope to have the Majorette Queen of America or Sr. Majorette Queen read the question to them. They will have 1 minute to answer their question.

On the self-introduction the contestant will need to say her name, her age, and the city & state she resides in. She will then choose her question and proceed to answer that question.
